MEMORANDUM FOR: Director of Control Intelligence

SUBJECT

: Semi-Armmal Resports of Intelligence Activities

Recuested by the President's Board

REFERENCE

: Memo fr the President's Board to the BOI dtd 18 June 1956, midj: "Reports of Intelligence

Operations"

- 1. This memorarium is in response to your request for our comments on the format and content of the semi-annual reports onlied for in the referenced memorantium.
- 2. It is our feeling that every effort should be made to charge the effective dates of those reports from 1 May and 1 Hovember as those proposed to 30 June and 31 December. All our accountings, budget estimates and normal administrative procedures are based on figure years ending 30 June. To attempt to compile the information requested for any other period would place an added burden on our personned that would not appear warranted.
- 3. The personnel figures requested can be reported in bros! terms of area and assignment. However, from our standpoint, such figures should be subject to concurrence by the Deputy Director (Flans) or liver direction. It is my suggestion that we report our personnel figurer by general world area, such as Berope, Middle East, Fur East, or, 1 acceptable to the Board, in terms of departmental, CVETEBAS.

h. A summary of costs for previous year, present year, an following year can be reported by the Budget Office and should be generally along the lines used for presentation to the Bureau of the Budget. However, the change of dates for these reports, as recommendat in paragraph 3. above, is most important in this connection.

5. This Office has no comment on General Cassidy's second partgraph which requests the Director to assume the responsibility for reporting on the work of the IAC and the USCIB.

CONFIDENTIAL

6. With reference to the Inspector General's memorandum deried 20 June 1956 on this subject and the suggested outline attached thereto, I would agree with the IO's recommendation as to the reports to be supplied by the Comptroller and the Office of Security. However, I suggest that the report proposed for the Office of Personnel should be stated in much broader terms as outlined in paragraph 3, above.
